Subject: REMINDER: Meeting on Passaic River Issues is Wednesday Nov. 19

Hi all, please see below. See you tomorrow at NJTPA. Janine

>>> Janine MacGregor 10/15/2008 10:05:27 AM >>>

Hi All, thanks to some juggling around by Carol, we have found a date for our meeting to discuss Passaic River issues. The meeting will be November 19 from 10-12 at the North Jersey Transportation Planning Authority (NJTPA), One Newark Center, 17th floor, Newark, NJ 07102 (Directions Below).

The purpose of this meeting is to discuss the Focused Feasibility Study and the Tierra Action (removal of sediment right outside 80 Lister) so that all understand the approach, and hopefully to gain support for the approach. Possible agenda items include:

1. FFS - Status and Target Dates

2. Tierra Removal Action

- A. Workplan, Timetable, Public Process for 40,000 cy removal
- B. Background documents prepared by Tierra for the EPA
- C. What can EPA tell us about TAG implementation?
- D. Public process associated with the permitting (or equivalencies) 160,000 cy removals.
- E. What do we know about Tierra's methodology for removal, treatment and transport of dioxin?
- F. Does this and how does this arrangement affect EPA's ability to leverage something out of the other PRPS?
- G. What happens to the existing CDF in the Newark Bay?
- H. Has a Citizen's Technical Advisory committee been established for this project?

3. Waterfront Issues - While we have Suzanne and Grace here....

Any questions on latest on development plans, City development and coordination with USACE, wetlands in contaminated area, sources of funding for similar projects.

Thanks, and looking to seeing you all. Janine.

DIRECTIONS TO NJTPA: From Penn Station Newark, walk out the main waiting room, turn right onto Plaza West and proceed to the first traffic light. Turn left onto Raymond Boulevard. Proceed to next traffic light. One Newark Center is located diagonally, on the northwest corner of Raymond and McCarter Highway (Route 21), adjacent to Seton Hall Law School.
